## FLORIDA COED WAS QUEEN OF OLD GOLD DAY

NANCY LENDRUM REIGNED OVER BUSY DEPAUW HOMECOMING

A pretty blonde coed, Miss Nancy Lendrum of Gainsville, Fla. was named DePauw University's 1958 Old Gold Day queen here Saturday afternoon.

Crowned between halves of DePauw's homecoming football game with Ball State, Miss Lendrum is a senior in the College of Liberal Arts.

Her attendants were the other two finalists in the homecoming queen competition, Miss Mary Walbaum of Barrington, Ill., and Miss Marya Hoeglund of Hinsdale, Ill.

The queen's crowning and football game were two highlights of the Old Gold Day weekend, which opened Friday morning and continued throughout Saturday.

Also featured was formal dedication of the university's new campus art center Saturday morning, immediately following the traditional homecoming chapel.

The art center is located in the building which housed DePauw's main library until completion of the million-dollar Roy O. West Library in 1956.

Remodeled and refurbished at a cost of \$200,000, the art center contains ample gallery space and completely modern art instruction facilities.

Initial impetus for re-location of the art department, which previously occupied a converted residence, was provided through a \$75,000 gift from Mr. and Mrs. Benjamin Blumberg of Terre Haute.

Participating in the dedication ceremony were Glenn W. Thompson of Columbus, trustee head; and Mrs. Ardath Burkhardt of Indianapolis, and Mrs. Will Hammett, Pawling, N. Y., both trustees.

Also DePauw President Russell I. Humbert; Dean Robert H. Farber; Art Department Head A. Reid Winney; the DePauw choir; Dr. Edwin Garrison, administrative assistant to the Methodist bishop of Indiana; and Miss Alberta Matzke, representing Kappa Pi art fraternity.

During the Old Gold Day chapel in Meharry Hall, alumni and guests heard an address by Howard C. Peterson, president of the Fidelity-Philadelphia Trust Company and DePauw alumnus and trustee.

Honored three times Saturday were football heroes of an earlier day, 17 members of the DePauw's undefeated, untied and unscored on 1923 team and their coach, R. R. Neal, now the Greencastle postmaster.

Celebrating the 25th anniversary of their perfect season, the players and Neal were recognized at the chapel, during a special luncheon for former varsity athletes, and between halves of the football game.

An all-university mixer was held in the Union lounge after the game, and alumni returned to the fraternity and sorority houses and residence halls for dinner.

Final Old Gold Day events were the Little Theater's performance of "Twelfth Night" in Speech Hall and the annual homecoming dance in the Union.

Winner of the homecoming decorations competition were Alpha Omicron Pi sorority and Phi Gamma Delta fraternity.

## Nature Plays Part In Plant Location

Nature had a part in helping the Lone Star Cement Corporation locate a plant site in Midwestern Indiana where there was an abundance of limestone and shale deposits necessary to produce Portland cement.

Putnam county was fortunate enough to be in this natural resources area and Lone Star's predecessor erected its buildings at Limesdale just south of Greencastle where production of cement began in 1919.

Located on a 500-acre tract, Lone Star today processes 2,300 tons of raw material to reach a daily production of 7,500 barrels of cement. This is shipped by rail and truck to markets in parts of four states.

Most of Lone Star's employees are from Putnam county and among the 265 men who work in the local cement industry, 50 have been with the company for 25 years or more.

Production at Lone Star goes on around the clock and around the calendar, too, since three shifts work all seven days of the week.

To keep the wheels turning, an enormous amount of electricity is consumed and 150,000 tons of Indiana coal are used annually to produce the heat necessary to burn raw material to clinker before grinding.

A major change at Lone Star came about in 1927 when Lone Star Cement Corporation in Putnam county became the first to produce Incoor high early strength cement.

Since Lone Star depends on those who build to use its output, the company has noted some changes in production peaks. With an increase in winter time construction, the demands for cement are slightly less seasonal than in former years.

The local cement plant is one of 21 owned by the Lone Star corporation. C. D. Copping is plant superintendent.

When will Lone Star have to go elsewhere to bring in the limestone to produce cement? If that time ever comes, it will be so far in the future that no one living today need worry about it. There's still a great abundance of stone beneath the Putnam county soil.

(This salute to local industry is the seventh in a series prepared by the Greencastle Chamber of Commerce. The eighth will appear in Tuesday's issue of the Daily Banner.)

## IKE CARRIES GOP CAMPAIGN TO CALIFORNIA

CHIEF EXECUTIVE PLAN TO GENERATE STEAM FOR HIS PARTY

DENVER UPI—President Eisenhower flies to California today to generate new campaign steam within his party and a public display of unity between the state's two top Republican candidates whose open schism could affect the national fortunes of the GOP in 1960.

First item of business for the touring Chief Executive after his arrival in Los Angeles from Denver was a public meeting with Sen. William F. Knowland, the GOP candidate for governor, and Gov. Goodwin J. Knight, running for Knowland's vacated Senate seat.

Knight and Knowland have been at odds for months over the senator's position on the right-to-work proposal also on the ballot for California voters Nov. 4. Knowland is for it, Knight against it.

Little the President could do would change the basic differences between the two men, but he might be able to achieve some semblance of "one-for-all, all-for-one" public unity by bringing the two men together with him in public in Los Angeles and again in San Francisco Tuesday.

## White Students Register Today

LITTLE ROCK, Ark (UPI)—White high school seniors begin registering for classes today in the makeshift high school opened by the Little Rock Private School Corp.—Gov. Orval Faubus' answer to the Supreme Court's integration order.

W. C. Brashears, superintendent of the private school system, said classes will start Tuesday "even if we have to hold them on the lawn under the trees."

Carpenters, painters, electricians and other workers were still repairing and putting the three-story former University of Arkansas graduate center in order.

"They may have us painted out," Brashears said, "but we will have school Tuesday somehow."

He said the corporation hopes to have school open for sophomores and juniors by Nov. 1. That is the "point of no return," according to school officials—the date past which the seven weeks lost cannot be made up.

Gov. Faubus closed the city's four public schools to keep them from being integrated.

Brashears said the corporation had talked with a group that promised a building large enough to hold 600 to 650 students and "it should be ready by Nov. 1."

He declined to say where the building was located "until it can be definitely assigned."

"If it doesn't materialize, we will have to look elsewhere; possibly take smaller buildings and scatter the schools around a bit," he said.

Brashears planned a staff meeting with the principal, O. M. Owens and the 22 teachers before doors open for registration.

## Cardinals Meet To Select Pope

VATICAN CITY (UPI)—More than 40 cardinals doffed their purple robes of mourning today and met in secret congregation to launch their momentous week of decision on the election of a new pope.

Mourning for Pope Pius XII ended Sunday with a Requiem Mass attended by high representatives of 53 nations. The United States delegation was led by Secretary of State John Foster Dulles and Mrs. Clare Boothe Luce, former ambassador to Italy.

The mass, which climaxed the Novendiali for the late Pontiff, was celebrated by Eugene Cardinal Tisserant, French-born dean of the College of Cardinals. Among the four cardinals assisting him was Francis Cardinal Spellman of New York.

The cardinals' meeting in the Consistory Hall of the Apostolic Palace, adjoining St. Peter's Basilica, will be climaxed Saturday with the opening of the conclave in the Sistine Chapel of St. Peter's, that will name the new pope.

Secrecy shrouded the week's crucial meetings the law of the church demanding excommunication for any member of the conclave who breaks the trust.

Stefan Cardinal Wyszyński, the only representative of the "church of silence" behind the Iron Curtain able to attend the conclave, arrived from Poland Sunday night.

He received a thunderous welcome from more than 500 persons, most of them Polish exiles, who jammed Rome's Termini Railroad Station.

## Believe Top Red Died In Crash

LONDON UPI — Conviction deepened here today that a high Soviet official may have been aboard the Soviet TU104 jet airliner which crashed last Friday, killing the 65 passengers and five or more crewmen aboard.

Radio Moscow still has not amplified its Saturday statement all aboard were dead. But Radio Peiping said there were 65 passengers aboard, 16 of them Chinese Communist officials, and the remainder non-Chinese.

Russia was silent on the identity of the victims, but the Soviet cabinet, in an unprecedented move, decreed that a top level panel should investigate the crash at Kanash, 360 miles east of Moscow. The crash came during a scheduled Peiping-Moscow flight.

Because of the Soviet cabinet's intervention in the crash investigation and the almost unprecedented announcement of the disaster, Western experts speculated that high Communist or foreign officials might be among the victims.

Peiping named its 16 victims who included Ceng Chen-to, vice minister of cultural affairs who was leading a cultural delegation of 10 to Afghanistan. It merely described the others as "foreign friends" and "foreign experts."

Official sources in Bonn and London said four West Germans and one Briton were aboard the aircraft. The Cambodian Embassy in Tokyo said it had no knowledge of Moscow rumors the son of the Cambodian ambassador to Peiping was a passenger.

Roger Lyons, general plant manager of General Telephone, came from the company's headquarters in Fort Wayne to present him with a four star gold pin in recognition of his many years of service.

Grimes began his career in the telephone industry on April 18, 1938 as a lineman and installer in Greencastle. His career was interrupted from 1942-45 when he was serving in both European and Pacific theatres with the armed forces. Upon his return he was made the acting plant supervisor of Connersville. ## How Many Shares for You?

A. For Putnam County's own community swimming pool.
- Q. Why a swimming pool?  
A. Because it's the heart of any recreation program, and because we owe it to our children and ourselves.
- Q. What is a share?  
A. A share is a \$50 pledge, payable over a two-year period.
- Q. How many shares should I pledge?  
A. One method of determining this is to decide how much you can give each month, then multiply that amount by 24. Incidentally, 1500 shares will be needed to build the pool.
- Q. How do I go about pledging my shares?  
A. Chances are that you will be called on during the campaign, which opens Oct. 22. If you are not solicited, please send your pledge to Post Office Box 217.

### Peterson Gives Chapel Address

Speaking at DePauw's Old  
 Gold Day chapel here Saturday  
 morning, Howard C. Peterson  
 blasted what he called "three  
 overemphasis in higher educa-  
 tion."

Peterson, who is president of  
 the Fidelity-Philadelphia Trust

Company and a DePauw alum-  
 nus and trustee, first hit the  
 myth that education should be  
 available to all who desire it.

Admitting that the idea is  
 firmly implanted in the minds of  
 many Americans, Petersen  
 amended the concept to include  
 the phrase, "and who are quali-  
 fied."

The second overemphasis, ac-  
 cording to the speaker, is on  
 quantity, almost to the exclusion  
 of quality. "The college should  
 provide education, not just in-  
 struction."

Concluding his address, Peter-  
 son warned that there is too  
 much emphasis on science. "To

Bird In Hand May Fly Away

As we grow older we learn how to say things elegantly.

For example, South claimed that he was the victim of an optical illusion in today's hand.

Very elegant. When South was

a little boy, however, his mother used to tell him that his eyes were bigger than his stomach.

West opened the deuce of clubs, and South ruffed. Declarer drew three rounds of trumps and then led the ten of spades for a finesse.

The hand looked fairly simple. South needed either the spade finesse or the diamond finesse to make his slam. At least that's the way it appeared.

When South led the ten of spades for a finesse, East casually played low. This was, of course, the best defense. If East took the first spade trick the rest of dummy's spades would give South all the diamonds he needed.

South thought that this trick

settled his choice between the spade and diamond finessses. "A bird in the hand," he muttered, "is worth two in the bush." After cornering this phrase, South led his other spade and finessed dummy's jack.

East pounced on this trick with the king of spades and returned a club. Now South might huff and puff, but he still had to lose a diamond trick for down one.

## SOUTH WAS GREEDY

South was just greedy when he took the second spade finesse. After the 10 of spades won, South could make sure of the slam by taking the ace of spades and getting to work on the diamonds. If the diamond finesse worked, he would make

an extra trick, but his slam was safe even if the diamond finesse should lose.

## DAILY QUESTION

As dealer, you hold: S-A Q J 9 3 H-A 2 D-J 7 4 C-10 7 3. What do you say?

Answer: Bid one spade. You have 12 points in high cards and one point for the doubleton. You can afford to open a 13-point hand when you have a strong rebiddable major suit and at least two quick tricks.

## Democrat Fight Is Out In Open

WASHINGTON (UPI) — The  
Democrats' smoldering civil  
right fight broke into the open  
today with a blunt invitation by  
Democratic National Chairman  
Paul M. Butler to anti-civil rights  
Democrats to quit the party.

Butler, interviewed Sunday on  
ABC-TV's "College News Con-  
ference," said the racial issue re-  
quires "moral leadership" and  
predicted there will be "no com-  
promise" on a strong civil rights  
stand in the Democratic platform  
in 1960.

"Those in the South who are  
not deeply dedicated to the phi-  
losophies of the Democratic par-  
ty will have to go to their own  
way," he declared. "If they  
don't want to go along on the ra-  
cial problem and the whole area  
of human rights, then I think  
they are going to have to take  
political asylum wherever they  
can find it, either in the Republi-  
can Party or a third party."

"I would say anyone who is  
unwilling to accept the platform  
of the Democratic Party in 1960,  
and anyone who is going to stand  
up in America today and say we  
are going to resist the decisions  
of the Supreme Court, and we  
shall not recognize the principles  
of law and order upon which this  
nation exists, then I certainly  
would hope they would take leave  
of the Democratic Party."

Sen. George A. Smathers of  
Fla., in charge of the campaign  
to elect Democratic senators  
Nov. 4, promptly accused Butler  
of dividing the Democratic Par-  
ty at a time when its primary  
need is unity.

## Nazi 'Butcher' Goes On Trial

WARSAW, (UPI) — Erich Koch, a mustached, sick little prisoner whose signature once spelled death to millions of Poles

and Russians, went before a Warsaw court today in perhaps the last major war crimes trial. Koch, who fought from the gutters of Nuremberg to the Reich's Chancellery with Adolf Hitler and was rewarded with the overlordship of eastern Poland and the Ukraine, came out of 13

years in prison cells to stand trial for mass murder.

The indictment against Koch runs to more than 60 pages and is backed by 20 legal copybooks of sworn evidence from the survivors of the 45 concentration and slave labor camps he set up. The copybooks told of the extermination of 72,000 Poles in the "Ciechanow district" north of Warsaw and the Blystok area close to the present Russian-Polish border. Attributed to

Koch also are the deaths of 4-000,000 Ukrainians.

## PLANES TAKE U. S. SOLDIERS FROM LEBANON

BEIRUT, Lebanon (UPI) — Huge transport planes airlifted American paratroopers back to Germany today in the final phase of the U. S. troop withdrawal from Lebanon. Informal sources said the evacuation should end this week.

British troops who went into Jordan at the same time the United States was moving to aid Lebanon began pulling out today. British military spokesman Maj. Ron Challoners said in Amman that the first shipload embarked at Aqaba and that more troops will leave for Cyprus every day for the next few days.

Units of the U. S. 24th Airborne Brigade boarded C-130 Hercules, C-119 Flying Boxcar planes at Beirut airport. They were the first of about 2,000 troops still to be shipped out.

The sources said U. S. Army staff officers were scheduled to fly to Germany Saturday, symbolizing the end of American intervention in Lebanon.

It started, the Nationalist Defense Ministry said.

The Red guns began blasting while Secretary of State John Foster Dulles was flying here from England via the North Pole in hopes of fashioning a permanent Far Eastern settlement in talks with Generalissimo Chiang Kai-shek.

The Communist action appeared to be a direct slap at Dulles. The order of the day by Communist Defense Minister Pen Teh-huai ending 15 days of quiet in the Formosa Strait noted Dulles' impending arrival and accused him of interfering in interfering in internal Chinese affairs.

day afternoon, 20-6.

Homecoming fans saw the underdog Tigers jump off to a 6-0 lead in the first quarter, with halfback Larry Lewallen going over from the one to cap a 52-yard drive, but Ball State stormed back in the second period.

Following Tim Brown's interception of a DePauw pass on his own 14 and return to the Tiger 39, Ball State moved to the one in seven plays and quarterback Ed Corazzini sneaked it across to tie the score at 6-6.

Corazzini also had a hand in the

Cards' second touchdown, throwing a 34-yard scoring pass to Tim Brown with 4:55 remaining in the first half, and State held a 12-6 lead at the intermission.

With only 40 seconds remaining in the third period, Corazzini bootlegged the ball for 17 yards into the end zone, and Brown ran the conversion for a two-pointer.

DePauw now has a 1-4 record for the season and a 1-3 mark in the conference. Defeated only by Valparaiso, 6-0, the Cardinals are 4-1 against all competition and 2-1 in the league.
